

## Jackie's story:

Jackie Spellman, at the age of 24, was diagnosed with Acute Myeloid Leukemia (AML). For those of you that are unfamiliar with Jackie, here is a little background on this incredibly amazing woman. Jackie grew up in Wethersfield, CT. Following her graduation from high school, she moved to Boston, MA to attend Northeastern University where she was a starting defender for their Division-1 NCAA soccer team. Jackie graduated with honors, receiving her degree in Business Marketing while breaking Northeastern soccer records and mentoring young women in the Big Sister program. After graduation, she moved to Houston, Texas after accepting an offer to work with the NFL's Houston Texans.

Jackie was extremely excited for this new opportunity but after only one week on the job in the marketing/sales department, she learned of her diagnosis. Jackie was admitted for treatment at MD Anderson Cancer Center. Sadly, on April 28, 2009 Jackie passed away from this incredibly devastating disease.

In July 2009, the family decided to form a 501.C.3 non-profit foundation that awards educational scholarships to those that have been affected by leukemia or lymphoma. The family feels that the Foundation will keep Jackie's name alive indefinitely and provide benefit to cancer survivors that may not have financial means to pursue secondary education on their own.

JSSF has proudly awarded (112) one hundred twelve scholarships since 2011 to a national applicant pool of undergraduate, graduate and doctoral students.

**NON-PROFIT CORP EIN #: 27-1038085**

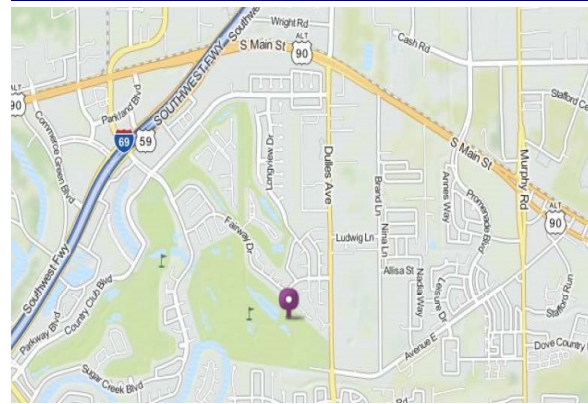

Country club dress code enforced.

Reservations will be taken on a first come basis and cannot be confirmed until entry fees are received.

We greatly appreciate your contribution to the Jackie Spellman Scholarship Foundation
